Mrs. J. Willis Jones.
Mrs. J. H. Brewer and family.

ELKS SMOKER NEXT SATURDAY EVENING WILL BE BIG TIME

Elkdom Makes Merry With Mid-Summer Gaieties; Affair Promises Big; Program Not Announced.

Announcement of a smoker is always welcomed by Elkdom in Bisbee. When the announcement comes at a season when smokers are not generally expected it is more than ever welcomed. Such was the case at the meeting of the Elks when it was announced that the entertainment committee was arranging for a smoker to be held at the club house next Saturday evening and that an especially entertaining and jolly evening might be anticipated.

Seasons are unrecognized by Chairman Tommy Blair and his colleagues of the Elks entertainment committee. "Midsummer dullness" are words that are not to be found in their lexicons. They bring about an organization of the ladies of Elkdom early in August and follow this up with the announcement of good things in store for the Antlered herd themselves. They offer no excuse for holding a smoker in August, none is needed for the holding of such an affair at any time, they say, and then proceed to prove it.

Special features are promised for next Saturday evening, something just a little different from what has been offered usually heretofore. There are a number of strings out and as some of the attractions that are being sought have not been definitely obtained the committee has refrained from any announcement of program until toward the end of the week, just before the affair is held. The tip goes forth that there will be something doing for the Elks Saturday evening. That's all.

N. A. PATTERSON WILL GUIDE DESTINIES OF DOUGLAS NEWSPAPER

Former Advertising Manager of Bisbee Daily Review Concludes Nine Years of Continuous Service to the District.

N. A. Patterson concluded yesterday more than nine years' continuous service with the Bisbee Daily Review, turning over the advertising manager ship to his successor, James T. Carey. Mr. Patterson has purchased a third interest in the Douglas International formerly owned by Mrs. C. E. Ball. After concluding the settlement of personal business affairs in Bisbee, he will move with Mrs. Patterson and their young daughter to Douglas where they will make their home in the future.

The departure of Mr. Patterson from the Warren District could not be regarded as other than a distinct loss were it not for the fact that during his residence here he has done so thoroughly and efficiently all that he has undertaken that the fruits of his unselfish activity will not only endure but also increase.

Mr. Patterson played an important part in establishing the high business standard for which the Warren District is noted. In lodge work, as a leader of the Knights of Pythias, he made his splendid influence felt. To the extent that his time permitted, he collaborated with Mrs. Patterson in church and philanthropic work. In politics, he enjoyed the respect and esteem of men of all political creeds.

The Review has a deep sense of appreciation for the invaluable part taken by Mr. Patterson in promoting its success. Merchants throughout the Warren District called attention during the past week to an expression of loyalty that was characteristic of "Pat". He would not be content until all his friends had extended the right hand of fellowship to Mr. Carey. For Mr. Carey's own sake, and in the interests of the Review, "Pat" wanted his legion of friends to grant a wholehearted welcome to his successor. When this was accorded, it was difficult to tell whether Patterson or Carey was the more pleased.

The Douglas International is bound to attain ever greater excellence and prosperity through its acquisition of the new proprietor. Douglas will gain as a community in securing Mr. and Mrs. Patterson as residents. If circumstances should obtain the return of "Pat" to Bisbee, he will find the Warren District, with the Review in the lead, walking down the road to greet him.

BUILDING COMMITTEE OF THE AUDITORIUM HOLDS GOOD MEETING

Plans Made By General Committee to Stimulate Interest in Project; Committee Appointed to Work on Matter.

The auditorium building committee, representing the three lodges interested in the proposed structure on O. K. block site, met last evening in the office of Attorney E. J. Flanagan and transacted business. At the conclusion of the meeting, renewed vigor could be seen in the faces of every member present.

It was decided that a committee from all of the lodges would organize some kind of a boost proposition for the Air dome show, in Brewery Gulch, within the next few days.

Another matter of importance was the naming of a committee to call upon various influential people of the district to sound them upon the building matter. It is felt that closer cooperation is needed to make the Auditorium a go. This committee will start to work during the early part of the week and the results of its work is considered all important by the general committee of the organization.

WANTS ONLY PEACE.

WASHINGTON, Aug. 7.—After a conference with Rear Admiral Benson, Acting Secretary of the Navy, Lansing sent word to Rear Admiral Caperton expressing the solicitude of the State Department that no force be used in Haiti unless absolute necessity to preserve order and that there should be further occupation of the republic than necessary to keep peace.

PROMISE OF GOLD REED PROPERTY OF BIG LOCAL INTEREST

Robert Manson Among Those Heavily Interested; Reports Assure Success of Oatman Venture.

Bisbee residents will be gratified to read of the optimistic forecasts concerning the Gold Reed property at Oatman, in which Robert Manson is heavily interested. Judging from the following extract the property may be regarded in the light of an assured success. The extract is from The Oatman News:

"At a depth of 350 feet, in the bottom of the incline shaft, on the Gold Reed 3½ feet of rich gold-bearing material has been cut into; this disclosure being on the foot wall. As the vein has not been crosscut the full width of it has not yet been determined."
